

Liverpool Arthroplasty Image Interpretation Course

(What are we looking for?)

A course for healthcare practitioners providing care for hip, knee and shoulder arthroplasty patients

Hosted by **Liverpool University Hospitals Foundation Trust (LUHFT)**

In association with **Arthroplasty Care Practitioners Association and The Frostick Foundation**

7th & 8th November 2024
(9.00-17.00 both days)

Venue : **Interactive online only**

Adopting an interactive approach and using authentic cases from practice, this two-day course will be delivered by subject matter expert clinicians at the forefront of imaging and arthroplasty practice and will address:

- Principles of IRMER and application to practice
- The ABC of X-rays and the basis of image interpretation
- Indications for, and complications of hip, knee and shoulder arthroplasty
- Developing competencies for image interpretation

ACPA Members (include membership number)	Non-Members
£170	£200

Booking: Please email Catherine.Armstrong@liverpoolft.nhs.uk for an application form and further information (with email subject of Arthroplasty course: November 2024), after which payments can be made via:
